**PLATFORM FOR CHANGE:** Businesses and residents are to gather tonight (2/21) with state transportation officials to discuss proposed changes to Northwest 25th Street between Northwest 38th Court and Douglas Road to accommodate Amtrak and any future rail service at the now-being-built Miami Central Station, where the previously planned platform was found to be about 200 feet too short to handle some Amtrak trains. The meeting is to be at 6 p.m. at the Sheraton Miami Airport Hotel & Executive Meeting Center, 3900 NW 21st St. The Florida Department of Transportation says changes are being planned that "will ensure the safety of motorists, pedestrians and bicyclists..., maintain the quality of life and access for area residents and businesses, and preserve the \$2 billion infrastructure investment being made" to develop the Miami Intermodal Center transportation hub. *Details: (305) 573-4455.*
