**ON WEDNESDAY, NOVEMBER 22, 2006**

**Miami-Dade County – On Wednesday, November 22, 2006**, the Florida Department of Transportation (FDOT) will open the newly constructed Exit Ramp #4, which completes the construction of the SR-953 (LeJeune Road) Southbound Collector Distributor (CD) Road from South of NW 14<sup>th</sup> Street to just North of NW 18<sup>th</sup> Street, which ties-in the three-lane one-way frontage road connecting existing Miami International Airport traffic with SR-836 westbound and LeJeune Road Southbound traffic. This component completes a portion of Phase I of the Miami Intermodal Center (MIC) Roadways Program which will improve traffic operations on LeJeune Road resulting in reduced traffic congestion on one of the area's busiest corridors in addition to greatly improving the traffic flow exiting Miami International Airport. The remaining MIA Exit Ramps #1, #2, #3 and #5 will remain the same while construction continues for the new bridges.
