

# MIAMI INTERMODAL CENTER COMPREHENSIVE COMMUNITY AWARENESS PROGRAM

## Maintenance of Traffic Bulletin #162

**December 16, 2004**

### CONSTRUCTION ACTIVITIES UPDATE

**Southbound Stop Sign Replaces Traffic Signal at the Intersection of NW 39<sup>th</sup> Avenue and NW 25<sup>th</sup> Street:**  
**Commencing Thursday, December 16, 2004:** As part of the Miami Intermodal Center Program's MTAR Roadways, the signalized intersection at NW 39<sup>th</sup> Avenue and NW 25<sup>th</sup> Street will be converted into a continuous east/westbound movement with a stop movement for southbound NW 39<sup>th</sup> Avenue traffic. Only vehicles traveling southbound on NW 39<sup>th</sup> Avenue to NW 25<sup>th</sup> Street will need to make a complete stop prior to continuing east or westbound on NW 25<sup>th</sup> Street. This change is required for preparation of the road work along NW 25<sup>th</sup> Street. This work is being performed by Turner Construction on behalf of the Florida Department of Transportation.

*Nearby business interests and residents affected by construction of the **Miami Intermodal Center** and other nearby construction projects will receive periodic Maintenance of Traffic (MOT) bulletins giving road closure information and suggesting alternate routes.
