CONSTRUCTION ACTIVITY #1:

Daytime and Nighttime Intermittent Lane Closures for Paving Operations on NW 25th Street between NW 37th Avenue (Douglas Road) and NW 42nd Avenue (LeJeune Road):

Tuesday, August 15th, 2006 through Friday, August 18th, 2006: As part of the Miami Intermodal Center MTAR Project, crews will be completing the final paving operations on NW 25th Street, between NW 37th Avenue (Douglas Road) and NW 42nd Avenue (LeJeune Road). This paving operation will require intermittent lane closures/shifts while workers complete the final paving and re-striping of the roadway. Flagmen will direct traffic around the work zone. Once paving is complete, eastbound and westbound traffic will be shifted onto new roadway. Motorists should anticipate delays while traveling through this area. Paving is expected to last 2 to 3 days, but may be impacted by bad weather or other unforeseen circumstances. Work will be performed by Turner Construction (Community Asphalt) on behalf of the Florida Department of Transportation.

Cierres Intermitentes de Carrileras, por la noche y por el Día, para Trabajos de Pavimentación en la Calle 25 del NW entre la Avenida 37 del NW (Douglas Road) y la Avenida 42 del NW (LeJeune Road):

Desde el martes 15 de agosto hasta el viernes 18 de agosto, 2006: Como parte del Proyecto MTAR (Vías de Acceso a la Terminal del Centro Intermodal de Miami) los obreros completarán los trabajos de pavimentación de la Calle 25 del NW, entre la Avenida 37 del NW (Douglas Road) y la Avenida 42 del NW (LeJeune Road). Este trabajo de pavimentación requerirá cierres intermitentes de carrileras así como cambios de carrileras mientras que los obreros finalizan la pavimentación y la pintura de las líneas divisorias. Personas con banderas direccionales dirigirán el tráfico dentro de la zona de construcción. Una vez terminada la pavimentación, el tráfico rumbo este y oeste será movido al nuevo pavimento. Habrá demoras dentro de la zona de construcción. Se estima que la pavimentación demore de 2 a 3 días pero el mal tiempo u otras circunstancias imprevistas pudiera causar demoras. El trabajo lo llevará a cabo Turner Construction (Community Asphalt) para el Departamento de Transporte de la Florida.

*Nearby business interests and residents affected by construction of the **Miami Intermodal Center** and other nearby construction projects will receive periodic Maintenance of Traffic (MOT) bulletins giving road closure information and suggesting alternate routes. This information is being provided by the **One Stop Shop Traffic Information Program sponsored by the Florida Department of Transportation** and its partnering agencies Miami-Dade County, Miami-Dade Aviation Department, Miami International Airport, Miami-Dade Expressway Authority, Tri-Rail, Miami-Dade Transit, Miami-Dade Office of Public Transportation Management, Cities of Miami, Hialeah, Miami Springs and Virginia Gardens, and local Utilities. Thank you for your patience while we work to improve the roadways in this area. For more information about construction impacts, please contact the **MIC CAP Office** at (305) 870-7888; Project Field Office, 3845 NW 25th Street, Miami, Florida 33142. For additional information about the MIC Program, please go to www.micdot.com or contact the MIC Public Affairs Program Manager, Ric Katz at (305) 573-4455.*

Traffic and Travel Info

SAVE TIME, PLAN AHEAD!

Before you drive, call 511 for real-time traffic reports and major highway construction information in Miami-Dade, Broward and Palm Beach County or visit us at smartroute.com.

The above information is subject to change if the contractor's schedule is altered due to unexpected circumstances.

La información anterior esta sujeta a cambios, dependiendo de que el plan de trabajo se desarrolle como está previsto, y no ocurran cambios debido a circunstancias inesperadas.
