CONSTRUCTION ACTIVITY #1:

(Note: Closure previously scheduled for tonight (4/26/10-4/28/10) has been postponed. See new date below.)

Temporary Nighttime Full Closure of NW 37th Avenue (Douglas Road) from NW 25th Street to NW 28th Street:

Commencing Monday, May 3, 2010 through Wednesday, May 5, 2010 from 9:00 p.m. to 5:00 a.m. (Nightly): As part of the utility pre-work for the construction of the future **Miami Central Station (MCS)**, **NW 37th Avenue (Douglas Road) from NW 25th Street to NW 28th Street will be completely closed each night from 9:00 p.m. to 5:00 a.m.** Commuters should follow the posted detour signs along NW 25th Street and NW South River Drive. This closure is required in order to begin the installation of the new 16” watermain along NW 37th Avenue which will service the future **MCS** and will improve the water service in the area. Work will be performed by Turner Construction (Ramtec) on behalf of the Florida Department of Transportation.

The future **MCS** is the major component of the MIC Program that will serve as Miami-Dade County’s first all-inclusive ground transportation hub. It is being designed to accommodate all transportation modes, hence providing *intermodal* connectivity between transportation options. The MCS will feature an enhanced Tri-Rail station, connections to the RCC, MIA Mover, Metrorail (upon completion of the MIC-Earlington Heights Extension Project) and Amtrak. East of the tracks will be a public parking area connected to the facility by a central walkway. This public space will be a gateway to the MCS around which bus depots will be located for Greyhound, Miami-Dade Metrobus, taxis, courtesy buses and shuttles currently serving MIA.

*Nearby business interests and residents affected by construction of the **Miami Intermodal Center** and other nearby construction projects will receive periodic Maintenance of Traffic (MOT) bulletins giving road closure information and suggesting alternate routes. This information is being provided by the **One Stop Shop Traffic Information Program sponsored by the Florida Department of Transportation** and its partnering agencies Miami-Dade County, Miami-Dade Aviation Department, Miami International Airport, Miami-Dade Expressway Authority, Tri-Rail, Miami-Dade Transit, Miami-Dade Office of Public Transportation Management, Cities of Miami, Hialeah, Miami Springs and Virginia Gardens, and local Utilities. Thank you for your patience while we work to improve the roadways in this area. For more information about construction impacts, please contact the **MIC CAP Office** at (305) 870-7888; Project Field Office, 3845 NW 25th Street, Miami, Florida 33142. Motorists are encouraged to call 511 before they drive, or log on to www.fl511.com for real-time traffic and lane closure information. For additional information about the MIC Program, please go to www.micdot.com or contact the MIC Public Affairs Program Manager, Ric Katz at (305) 573-4455.*
